Art. 2. To hear and act on the reports of Town Officers and Committees.

Reports of the several Town Officers and Committees taken up separately, considered and adopted.

Water Commissioners reported informally on the valuation of land of M. J. Martinson. Report accepted as a report of progress with instructions for further report at the next meeting of the Town.

Art. 3. To see what disposition the Town will make of the money refunded by the county on account of dog licences.

That money refunded by the County on account of dog licences be appropriated to the use of the Public Library.

Art. 4. To see if the Town will appropriate a sum of money for Memorial Day, or act in any manner relating thereto.

Voted to appropriate \$100 for expenses of Memorial Day.

To be expended by a Committee appointed by the Moderator.

Art. 5. To appropriate money for all necessary town expenses, including a sum sufficient to pay all town officers salaries.

Poor Department,	\$1200 00
Roads and Bridges,	2500 00
Fire Department,	1200 00
School Department,	16500 00
Debt and Interest,	7758 00

Tree Warden,	500 00
Snow,	1800 00
Public Library,	50 00
Incidentals and Town Officers Salaries	2500 00
Street Lights,	1000 00

\$650 be appropriated for Water Sinking Fund to be taken from the funds of the Water Commissioners.

Art. 6. To see if the town will appropriate a sum of money for the maintenance of law and order and the suppression of the illegal sale of liquor.

Voted to appropriated \$100 for the maintenance of law and order and the suppression of illegal liquor sale.

Art. 7. To see if the town will appropriate the sum of \$640.73, authorized by the state for the suppression of the gypsy and brown tail moths.

Voted to appropriate \$640.73 for the suppression of the gypsy and brown tail moths.

Art. 8. To see if the town will appropriate sum of money for the purpose of applying tarvia to the main thoroughfares of the town, or act in any manner relating thereto.

Voted to appropriated \$4000 to apply Tarvia to the main thoroughfares of the Town excepting Main street, which is covered by a special article, and that it be applied under the direction of the Selectmen, and that no Tarvia be applied on any street except the street be in order to receive it, and that it be covered by sand instead of gravel.

Art. 9. To see if the town will appropriate the sum of \$300.00 towards the support of the District Nurse.

Voted to appropriated \$300 towards the support of the district nurse.

Voted the same be expended under direction of the Board of Health.

Art. 10. To see if the town will appropriate money to build a new bridge across the sluice way on Pleasant Street in Rockville, or act in any manner relating thereto.

Voted to appropriated \$1000 to build a new bridge over the sluice way on Pleasant street, Rockville.

Art. 11. To see if the town will make a new contract for Electric Street Lighting to take the place of one expiring this year, or take any action relating thereto.

Voted that the Selectmen be authorized to make a new contract for street lighting.

Art. 12. To see if the town will appropriate money to build a new bridge across the sluice way on Baltimore street, or act in any manner relating thereto.

Voted to appropriate \$1000 to build a bridge over the sluice way on Baltimore street.

Art. 13. To see if the town will appropriate a sum of money to buy new fire hose, or act in any manner relating thereto.

Voted to appropriate \$800 to buy new fire hose under the direction of the Fire Engineers.

Art. 14. To see if the town will appropriate the sum of \$400.00 to be used towards the erection of a band stand in the triangle opposite Grange hall, or act in any manner relating thereto.

Voted to dismiss the article.

Art. 15. To see what action the town will take in regards to motorizing the fire department, and appoint a committee to investigate the same, and report at the next town meeting.

Voted that M. B. LaCroix, R. F. King and D. C. Adams be a committee to investigate the question and report at the next meeting of the town.

Art. 16. To see if the town will appropriate a sum of money to apply crushed stone and tarvia or oil on Main street, or act in any manner relating thereto.

Voted to appropriate \$3000 for crushed stone and tarvia for Main street.

Art. 17. To see if the town will appropriate the sum of \$400.00 for the Suppression of the Elm Leaf Beetle, or act in any manner relating thereto.

Voted to appropriate \$400 for the suppression of elm leaf beetle.

Art. 18. To appropriate money for any expenses incurred by the Committee on Welcome Home Day Celebration, or act in any manner relating thereto.

Voted to appropriate \$700 to cover any expense incurred by the Committee on Welcome Home Day.

Voted. The town extend a vote of thanks to the committee for the able manner in which the affair was carried out.

Art 19. To see if the town will appropriate a sum of money for the purpose of procuring plans of a building for the Memorial Library, or act in any manner relating thereto.

Committee by its Chairman, reported no definite action since September meeting.

Voted to accept the report of the Memorial Library Committee and that the Committee be discharged.

Voted. That a committee of six be appointed to secure plans and estimates and report to the town.

Edwin P. Pittfield,

Paul J. Paloski,

Louis LaCroix,

• Frank Hamm,

George L. Smith,

Clarence E. Simpson.

Voted to appropriate \$100 for the use of the Memorial Library Committee in securing plans and estimates for the Library Building.

Art. 20. To see if the town will appropriate a sum of money to print the Assessors' Valuation, or act in any manner.

Voted to appropriate \$300 to print the Assessors' Valuation for 1920 as called for by the town by-laws.

Art. 21. To see if the town will appropriate a sum of money for special repairs on such streets as are selected by the Massachusetts Highway Commission acting in conjunction with the state and county, or act in any manner relating thereto.

Voted that the sum of \$1000 be appropriated for special repairs on such streets as are selected by the Mass. Highway Commission, acting in conjunction with State and County.

Art. 22. To see if the town will appropriate money for a stone crusher, or act in any manner relating thereto.

Voted to dismiss the article.

Art. 23. To see if the town will appropriate a sum of money to widen and repair Exchange street, or act in any manner relating thereto.

Voted to appropriate \$800 for repairs on Exchange street north from the railroad.

Art 24. To see if the town will accept the resignation of Frank S. Harding, Assessor.

Voted to accept the resignation of Frank S. Harding as one of the Assessors of Millis.

Art. 25. To see if the town will appropriate a sum of money to dig a new well for the pumping station, or act in any manner relating thereto.

Voted to appropriate \$3000 to put in new well at the pumping station under the direction of the Water Commissioners.

Art. 26. To see if the town will appropriate a sum of \$1800.00 to pay assessment made by the County Commissioners, or act in any manner relating thereto.

Voted to appropriate \$1800 for assessment by the County Commissioners as proportion part of cost of new bridge over Charles River at Green street.

Art. 27. To see if the town will authorize the Treasurer with approval of the Selectmen to borrow \$1800.00 appropriated under Article 26 for a period not exceeding three years.

Voted. That the Town do authorize the Treasurer, with the approval of the Selectmen, to borrow \$1800.00 and issue the notes of the town therefor, payable \$600 in 1 yr., \$600 in 2 yrs., \$600 in 3 yrs. from date of first note.

Art. 28. To see if the town will appropriate a sum of money to pay assessment made by the County Commissioners for the maintenance of the Tuberculous Hospital for the year ending December 31, 1919.

Voted to appropriate \$555.17 assessment as Millis proportional part of the maintenance of the County Tuberculous Hospital for 1919.

Art. 29. To see if the town will authorized the Treasurer with the approval of the Selectmen to borrow not exceeding \$3000 under Article 28 for a period not exceeding five years, or act in any manner relating thereto.

Voted Article 29 be laid on table.

Art. 30. That the treasurer with approval of the selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the muni-

Attention is called to the following statement of the Statute Law: The Board of Sewer Commissioners of the City of Chicago, acting under the authority vested in them by Section 7 of Chapter 111 of the Consolidated Laws of the City of Chicago, in relation to the construction of sewers, have caused to be published the following statement of the benefits to be derived from the construction of sewers, which may be rendered to the City of Chicago.

1. Every building or structure, the construction of which is now in progress, shall be constructed in accordance with the provisions of the Ordinance of the City of Chicago, relating to the construction of sewers, and shall be completed in accordance with the provisions of the Ordinance of the City of Chicago, relating to the construction of sewers, and shall be completed in accordance with the provisions of the Ordinance of the City of Chicago, relating to the construction of sewers.

2. Every building or structure, which is now in progress, shall be constructed in accordance with the provisions of the Ordinance of the City of Chicago, relating to the construction of sewers, and shall be completed in accordance with the provisions of the Ordinance of the City of Chicago, relating to the construction of sewers, and shall be completed in accordance with the provisions of the Ordinance of the City of Chicago, relating to the construction of sewers.

The entrance to a new building shall be at least 10 feet for a one-story house, the entrance to a building shall be at least 10 feet for a one-story house, the entrance to a building shall be at least 10 feet for a one-story house.

The entrance to a building shall be at least 10 feet for a one-story house, the entrance to a building shall be at least 10 feet for a one-story house, the entrance to a building shall be at least 10 feet for a one-story house.

We have signed and delivered at Chicago, Ill., this 1st day of May, 1888.
 James C. Chicago Club Co. James C. Chicago Club Co.
 George Charles A. Smith George Charles A. Smith

Voted unanimously. That the town council will adopt the report of the Sewer Committee and will, if necessary, be authorized to adopt the necessary appropriation as set forth in said report.

Art. 2. To see if the Town will appropriate sufficient money to build a new bridge across the Mill River at Pleasant Street in Rockville or act in any manner relating thereto.

Unanimously voted. That it is the sentiment of the voters of Millis, present in town meeting, resolved that the Selectmen make an agreement of purchase with the American Felt Co., of the property and water rights on Charles River at Pleasant street in the Village of Rockville, Millis at a price not to exceed \$3000.

Art. 3. To see if the Town will appropriate the purchase of the J. C. Wall property on Baltimore Street, Rockville, for the purpose of filling in the street way or act in any manner relating thereto.

Voted to approve the action of the selectmen and to appropriate \$10.00 to meet the expense of holding the 10th appropriation of the annual town meeting for a new bridge.

Art. 4. To see if the Town will appropriate sufficient money for the Fire Department.

Voted unanimously to appropriate \$1000 for the use of the Fire Department.

Art. 5. To see if the Town will appropriate money to purchase a Stone Crusher, or act in any manner relating thereto.

No action taken.

Art. 6. To see if the Town will appropriate an additional sum of money for the purchase of Farms for the main streets, or act in any manner relating thereto.

No action taken.

Art 8. To see if the Town will permit the Girl Scouts to hold their regular meetings in the High School Building.

Voted 16 yes, 13 no. That the town should permit the Girl Scouts to hold their regular meetings in the High School Building.

Art. 9. To grant money appropriated under Articles 10 and 12 of the Annual Meeting held Feb. 9, 1920.

Voted unanimous. That the \$2000 appropriated under Arts. 10 and 12 of the annual meeting be granted.

Art. 10. To see if the Town will authorize the Treasurer, with the approval of the Selectmen to borrow not exceeding \$3000.00 appropriated under Article 25 of the Annual Meeting held Feb. 9, 1920, for a period not exceeding five years, or act in any manner relating thereto.

Voted unanimous. That the Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$3000 appropriated at the annual meeting Feb. 9, 1920, under Art. 25, and to issue serial notes of the town of \$600 each payable \$600 in one year, \$600 in two years, \$600 in three years, \$600 in four years, \$600 in five years, from date of issue of first note.

Art. 11. To see if the Town will vote to amend Chapter 1, Section 4 of the Town Bylaws so as to require 10 per cent of registered voters to be present to appropriate money or to act in any relating thereto.

No action taken.

Art. 12. To grant money appropriated in the foregoing articles.

Voted unanimous to grant \$116.23 appropriated in the foregoing articles.

Voted that this meeting adjourn to two weeks from tonight, June 26, 1920.

THIRD MEETING, JULY 26, 1920.

Article 1. To see if the Town will appropriate a sum of money to purchase the property owned by the American Land Co. in Rockville, or act in any manner relating thereto.

Voted unanimous. That the Selectmen be instructed to purchase the property owned by the American Land Co. on Charles River at Pleasant street for a sum not exceeding \$3000.

Voted unanimous. That the Selectmen be instructed to sell to the highest bidder at public auction the portion of the property purchased from the American Land Co. which is situated on the east side of Pleasant street and the portion on the west side of Pleasant street be reserved for the uses of the Town of Millis.

Voted unanimous. That the Selectmen co-operate with the citizens of Rockville in clearing the land on the west side of Pleasant street adjoining the Charles River and after closing the sluice way, the land to be under the control of the Park Commissioners.

Art. 2. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money not exceeding \$2500 appropriated under Article 1 of meeting not exceeding three years or act in any manner relating thereto.

Voted unanimous. That the Treasurer be authorized with the approval of the Selectmen, to borrow money not exceeding \$2500, and to issue three notes for the same, the same payable in one, two and three years from date of issue.

Art. 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow money not exceeding \$40000 appropriated under Article 5 of meeting

held July 12, 1920, for the period not exceeding four years,
or act in any manner relating thereto.

Laid on table.

Adjourned.

LOUIS LACROIX,

Town Clerk.

JULY 20, 1920, ADJOURNED MEETING.

Meeting called to order by G. P. Holbrook, chairman
moderator.

Warrant of July 20 laid on table until after action on ad-
journed meeting.

Record of meeting of July 12, 1920 read and declared
approved.

50 voters present.

Art. 5. To see if the town will appropriate money to
purchase a Stone Crusher, or act in any manner relating
thereto.

Voted unanimous- That the whole matter be referred to
a committee to report within sixty days.

Committee nominated from the floor.

G. L. Smith, R. F. King, T. J. McCarthy, G. C.
Thrasher, H. P. Soule.

Art. 6. To see if the town will appropriate an addi-
tional sum of money for the purchase of tarvia for the main
street, or act in any manner relating thereto.

Voted unanimous- To appropriate \$1500 additional for
tarvia.

Art. 7. To see if the Town will appropriate additional
money to pay snow bills, or act in any manner relating
thereto.

Voted to appropriate \$ 200 for the purchase of land for the

Committee appointed to investigate the practicability of a stone crushing plant.

Commonwealth of Massachusetts
Department of Public Works
Division of Highways,
State House

Boston, October 14, 1912

Mr. G. L. Smith,
15 Beacon Street, Boston.

Dear Sir:

For your information and for publication of a report made by District Engineer William W. Smith is as follows:

In accordance with our instructions, September 10, I have been examining the various towns and met their Special Committee to give them their flooring advice.

Mr. Smith, who was mentioned in your letter was unable to be present at the chairman of their Committee, Mr. King, was there and his question might be briefly summarized under two heads, first whether they should purchase a crusher and second whether it would be wise for them to adopt a definite road policy and how to go about it.

With reference to the first question, I told them that I had already given them my opinion and in my opinion a stone crusher is better than a roller rather than a new roller and that it would be better to let the money that would save by purchasing a roller additional expense of building a road and put through the crusher and make a better road with the money. That it would probably be some time before they would be needed to own a crusher even a roller for the roller was more suitable for them to own first.

I said that in their own opinion it would be wise for them to adopt a definite road policy and that in the end it would be a good policy which would include a period of about five years. I further advised them that, in

my opinion, it was unwise if it could be avoided to refer road matters to a special Committee thus relieving the Selectmen of this duty, which in small towns like Millis the Selectmen should be able to attend to, with the assistance of a competent road superintendent appointed by the town, possible to the Selectmen but in the event of the Selectmen having failed to adopt any constructive policy, to keep the roads in a satisfactory condition, sometimes it was necessary for citizens to take other action. I told them they should not expect to keep their roads up for less than \$12,000 or \$15,000 a year and if they wished to make any decided advancement, they might appropriate an additional \$5,000 or \$10,000 for improvements."

Yours truly,

(Signed) A. W. DEAN,

Chief Engineer.

The Good Roads Machinery Company, Inc.

61-63 Oliver street,

Boston, Mass., Oct. 16, 1920.

Mr. H. P. Soule,
12 South Market St.,
Boston, Mass.

Dear Sir:

Referring to the writer's telephone conversation with you on yesterday relative to your request for price information on crushing plant suitable for your town's requirements, he begs to state that he is sending you under separate cover catalogue descriptive of our Climax Crusher and road building machinery.

He is also enclosing herewith cut and description of our Climax Crusher, 10 x 20 mounted with 24 foot elevator, 40 ton bin. This is an ideal plant for towns like Millis and

would cost you complete without power or drive belt, \$3500, F. O. B. factory.

It you did not wish the mounting on crusher or bins we would deduct \$350.

If you would feel inclined to follow the writer's suggestion to put in a stationary plant and build your own bins, we could furnish you a suitable crusher, elevator and screen for \$2500.

If you can possibly use electric motor, we would advise you doing so. If not, the next best thing would be a gasoline traction engine. If there is any further information we can offer you, we would be pleased to have you advise us.

Trusting to be favored with your valued order, we are

Yours very truly,

THE GOOD ROADS MACHINERY CO.

F. H. Greaney.

Voted unanimous. Report of Committee be accepted and there recommendations be adopted.

Voted. That the thanks of the town be extended to the Committee for very able investigations.

Voted that the same Committee be the Committee recommended to bring before the town at the annual meeting a continuation road plan.

R. F. King

G. C. Thrasher

H. P. Soule

G. L. Smith

T. J. McCarthy

Report of the Committee on the purchase of a Stone Crushing Plant for the town of Millis, Massachusetts, Oct 14, 1920.

The Committee was appointed at the special town meeting held July 12, 1920. We have held six meetings.

We have had the superintendent of streets at some of our meetings.

We have questioned the latter the superintendents of
streets of London, which are the best of the kind in
any place. The following are the names of the

Arthur M.	Superintendent
George M.	Superintendent
William M.	Superintendent
Daniel M.	Superintendent
Gardner M.	Superintendent

We have also questioned the following superintendents of
streets of London, which are the best of the kind in
any place. The following are the names of the

George M.	Superintendent
Arthur M.	Superintendent
Daniel M.	Superintendent
William M.	Superintendent
George M.	Superintendent
Arthur M.	Superintendent
Daniel M.	Superintendent
William M.	Superintendent

As the following are the names of the superintendents of
streets of London, which are the best of the kind in
any place. The following are the names of the

George M.	Superintendent
Arthur M.	Superintendent
Daniel M.	Superintendent
William M.	Superintendent

As the following are the names of the superintendents of
streets of London, which are the best of the kind in
any place. The following are the names of the
superintendents of streets of London, which are the best of the kind in
any place. The following are the names of the

George M.	Superintendent
Arthur M.	Superintendent
Daniel M.	Superintendent
William M.	Superintendent
George M.	Superintendent
Arthur M.	Superintendent
Daniel M.	Superintendent
William M.	Superintendent

It is conceded by everyone we have consulted that our road crushed and screened into three or more grades would make a better road material than we are now using. The smaller particles being smaller would pack closer under a roller and it would be considered even to have the material and time for its use. Accurate information as to the relative cost of crushed and uncrushed material is difficult to obtain, but the best information we have been able to get has been to show that the cost of the material, either one or the other, is about the same. The only gain in using crushed material would be that a better road could be built, provided the rollers that are now well worn and old. This would make for the greater cost of the road.

Cost of crushing Plant. Price indicates that a crushing plant, including a crusher, elevator, screen and bins, can be bought for between \$3,500 and \$3,750, the price varying according to the size or capacity of the units selected.

Motor power would cost between \$200 and \$300.

Where the water would cost the least, but would probably be most satisfactory. This might be immediately in line with the line run to the pit.

The road could be made to pay in addition charges according to the expense to be produced and other incidental charges might be made the cost to \$4,000.

Some committees are of the opinion that if a crushing plant is installed the town could own the motive power.

Cost of Operation. A machine of first cost of \$3,500, the cost of running the outfit would be:

Interest per annum	\$ 1,000
Material and repair and depreciation	400
1 per cent	<u>35</u>
Total	\$775 per annum

Reliable figures as to operating expense are difficult to obtain. It appears, however, that there would be required

1 engineer

2 men to feed the hopper

2 teams to haul the material to the hopper.

Economy and efficiency depend largely on the nature of the operation and on the amount of work to be done. The best information I have leads me to believe that for the amount of work done on our roads at the present time a crushing plant would not be in operation more than a month in any year.

Your Committee has been unable to find any town in the state doing the work it is proposed to do here. Wherever crushers are in operation they are crushing stones.

Roller. Better roads could be built if a steam roller were more freely used.

Rollers owned by the state are available at times. Rollers owned by other towns could be hired, but a roller is hard to get when needed.

It is probably desirable that the town own a roller, but it does not seem to your Committee that the town should buy one at this time on account of present high prices.

Conclusions. Your Committee after its investigation has come to conclusions which are summarized as follows:

1.—The gravel now being used on the roads is good road material, about 75 per cent of the gravel in the market being available.

2.—The same gravel crushed and screened into sizes would produce a better road material, but would require a more expensive treatment in order to get the benefit.

3.—No town in the state has a plant which is crushing gravel. Therefore if the town should buy a crushing plant it would be undertaking a costly experiment the results of which cannot be accurately estimated.

4.—It is not certain, with our present method of handling our road problem, that the use of crushed gravel would result in more durable roads, for it is probable that, to get proper results using crushed gravel, it would be necessary for the town to own a roller and a watering cart.

For the reasons given above your Committee has voted: "That it does not consider it advisable for the town to purchase a stonecrusher."

The road problem is important and is of interest to every resident of the town. A large sum of money is spent each year. It ought to be spent wisely and efficiently. Our roads must be made more durable in years to come if they are to stand the use to which they will be subjected.

Your Committee, therefore suggests the advisability of appointing a Committee to consider the town's road problem as a whole and to report at the next annual town meeting.

LOUIS LACROIX,

Town Clerk.

FIFTH MEETING, OCT. 28, 1920.

Art 1. To see if the town will vote to use in making needed repairs on Village street the \$3000 which remains unused, and which was appropriated under Art. 16 in the warrant for the last annual meeting Feb. 9, 1920, or take any action relating thereto.

Voted. That the town use \$3000 of the unused money in the treasury for Village street repairs, provided the Highway Commission and the County Commissioners together furnish an amount not less than \$2000.

Division of Accounts,
State House, Boston.

(Oct. 25, 1920.)

Mr. J. C. Thorne.

Dear Sir:

In reply to your letter of even date, I beg to say that since the appropriation made for the improvement of Main street, and raised in the tax levy, cannot be used during the current year, if it is agreeable to all parties concerned—the voters of the town meeting, the officials of the State Department (Department of Public Works), and the County Commissioners—I can see no reason why this sum may not be transferred to be used for highway purposes in the next year of your town. This money, however, could not be used for any purpose other than that for which it was appropriated, without the action of the town at a town meeting.

In reply to your second inquiry relative to the by-law which requires that a certain percentage of the registered voters shall be present, I would say that in my opinion this provision applies.

In reply to your last inquiry relative to the by-law which provides for the closing of the accounts at the end of the year, I would say that this provision does not effect the case in so far as the town acts within its legal right at duly organized town meetings, and if the appropriation has been increased by action of a special meeting, the balance which would revert at the end of the year would be the balance at that date; likewise, it seems to me that an appropriation against which no obligations have been incurred and none are contemplated might be reduced, and the balance which would lapse under the by-law would be the balance at the

account at the end of the year. Therefore, I do not see how this by law would in any way prevent the town in acting when no liability has been incurred or is contemplated.

Very truly yours

THEODORE N. WADDELL

Director of Accounts

Nov. 2, 1920

The work of cutting brush this year on the road side has been held back considerably for two reasons: First, The law past compelling the burning of all brush as you go along. Second The removal of dead trees which is not completed as our funds gave out. This year I have tried to widen out some of the narrow streets to make them passable by removing the growth back to the street line. This work I am trying to carry on by getting the abutters to take the wood and pay a fair price per cord for the cutting, or give the abutters a fair price per cord for the wood standing. In this way I have started on this work and hope with the co-operation of the abutters to accomplish the widening of all the narrow and almost impassable streets, and I recommend and request the same appropriation as this year, the sum of five hundred (500) dollars.

EVERETT L. COLDWELL,

Tree Warden.

In my itemized report I have entered the elm leaf beetle account with the gypsy and brown tail moth account, and recommend and request the same amount for the elm leaf beetle this coming year. I also recommend and requests the appropriation of one thousand (1000) dollars for the gypsy and brown tail moth department, instead of just the state recommendation, as the arsenate of lead will cost something over one thousand (1000) dollars, as I have received word from the state that the lead will cost about the same as last year, and it is difficult to do work and buy supplies and material with about half the capital needed.

EVERETT L. COLDWELL,

Superintendent.

N. Y. N. H. & H. R. R. Co.	100.00
	<hr/>
	\$45,500.00

J. M. Herman Co., Clicquot Club Co, and Safe Pack Mills have taken an appeal from their assessments to the Superior Court. By direction of the Selectmen the Sewer Commissioners have retained Wm H. Hitchcock of Dedham as counsel. Under the law, the J. M. Herman Co., Clicquot Club Co., Safe Pack Mills, Mary L. Dean and Charles A. Smith have taken advantage of the apportionment clause, and their assessment is divided into ten (10) equal payments to be paid with interest at 6 per cent in 10 years.

We recommend the extension of the Sewerage system on Irving street to take in Mr. Wade's house.

J. C. THOMPSON
 J. A. CORBIN
 EDWARD E. BABB
 School Committee

SUPERINTENDENT'S REPORT.

TO THE SCHOOL COMMITTEE OF MILLS.

School Expenses.

A wise economy should govern school expenses as well as all expenses. No wisdom or economy, however, can change the fact that the money cost of living during the past few years. According to the U. S. Monthly Labor Review Bulletin for September, 1917, the money cost of the necessities of life from 1912 to 1917 was about one hundred per cent.

The cost of the school supplies has increased with the cost of other supplies. An expenditure of \$200.00 for the past year would be very nearly the equivalent of \$300.00 spent four years ago. A dollar of 1900 of the present time would be about equal to \$1.15 in 1915 or 1916. While these are well known facts they are worth emphasizing to prevent any lowering of educational standard.

Educational Standards

The general intelligence and character of the inhabitants in any state depends very largely upon standard of education. Good schools in numerous rural communities are of generalship standard excellence in as many conditions in the larger towns and cities. The movement towards concentration has caused many small rural schools to disappear. Pupils transported to public or private are giving many of the advantages of the city.

Carefully selected teachers, instruction of special subjects, and the enthusiasm of competition all tend to elevate the character of the work. Both our rural and city schools should

have the best trained and most skillful teachers. So long, however, as education is mainly a community affair, the larger town and cities possess undoubtedly greater advantages. Whatever advantage a town or city may have, nothing can deter the citizens of another community from trying to maintain the highest possible standard, even at the cost of special effort and some sacrifice.

Physical Training.

Proper educational training should be an integral part of every system of education. The large number of young men physically unfit for military duty in the recent World War emphasize the need of training for bodily development. All training is a state of mind plus its outward expression. Teachers who thoroughly realize the value of correct physical development will find various ways to secure it. Marching, singing, health talks and regular, simple gymnastic exercises can be given in all schools. Lasting results for good come from persistence and desire to help the pupils.

Vocational Training.

One of the prominent features of modern education development is vocational training. Business Colleges, High Schools of Commerce, Agricultural and Manual Art schools illustrate this desire to furnish special training for special work. Manual training and domestic science courses are results of this movement for vocational education. Teachers in the upper grades of elementary schools may profitably help to guide pupils in choosing some vocation. Oral discussions and compositions concerning different trades and professions are especially suitable for pupils of this age.

Training for Culture.

Strong bodies and trained intellects are very desirable results of education, but they are not enough. True education means these and something more. This something more is

indicated by the word culture. A cultured person is one who shows by words and acts that the entire character is in harmony with whatever is true and beautiful. Kindness and consideration for others are unobtrusive marks of culture. Good books must be read and done. All the influence and example of noble lives have to higher levels of culture. Strength and ethical conduct are characteristics of a machine. Self-control, sympathy for others, and love for all that is beautiful are qualities of the truly developed human soul.

Elementary Schools.

The following topics given to elementary teachers at the beginning of the school year indicate a point to be emphasized in the work.

Grades I, II, III

1. Penmanship.
2. Reading.
3. Good Book.
4. Attendance Record.
5. Spelling.
6. Report.
7. Supplies.
8. Language.
9. Examination.
10. Monthly Papers:—
 - Sept. — Writing.
 - Oct. — Language.
 - Nov. — Arithmetic.
 - Dec. — Writing.
 - Jan. — Geography.
 - Feb. — History.
 - Mar. — Writing.
 - Apr. — Language.
 - May — Arithmetic.

Respectfully Submitted

ARTHUR S. AMES,

Superintendent.

REPORT OF TEACHER OF MUSIC AND DRAWING.

Millis, Mass., Dec. 23, 1920.

Mr. Albert S. Ames,
Superintendent of Schools,
Millis, Mass.

Dear Mr. Ames:—

The Millis Public Schools continue to progress in the drawing and music departments.

The drawing classes according to grade, deal with proportion, paper rolling and cutting, construction work, measurement, free hand drawing, crayon and brush work and in High School, design.

In the lower grade, the children learn the rudiments of notes, gradually mastering the study of the time motions, then three and four part singing follows. In the High School we are preparing a miscellaneous program of representative type of song, among which is included a cantata. This year we hope to establish a Victrola Fund and later purchase a machine thereby making our musical equipment fairly strong.

To the teachers and school people we extended an appreciation of their earnest and efficient co-operation. This involved be support promotes an increasing development in all scholastic work.

Respectfully submitted,

ELIZABETH GRIFFIN.

REPORT OF SUPERINTENDENT OF STREETS.

Exchange St.

Appropriation		\$800 00
Cost of excavating	\$338 51	
Labor and gravel	625 34	
	<hr/>	963 85
Cost more than appropriation		\$163 85

Baltimore Mill Property.

Appropriation		\$1018 33
Purchased of J. C. Wall 2 acres mill property	\$600 00	
Filling in bridge	418 83	
	<hr/>	1018 83

American Felt Co.

Land and buildings		3000 00
Sold to L. Barr land and buildings east side of Pleasant street	\$2500 00	
J. Warshafsky, commission	100 00	
	<hr/>	2400 00
Town owns 1 acre west side of Pleasant street for park assessed valuation \$2500		
Appropriation for bridge		1000 00
Cost of filling in bridge	\$620 00	
Work on park	380 00	
	<hr/>	1000 00

Highways.

Appropriation	2500 00
Received from fence	25 00
	<hr/>
	\$2525 00

High water in Spring, Wight and Dwight bridges and Main street	\$129 01	
Farm street	56 00	
Scraping roads and cleaning up	373 80	
Causeway	30 20	
Union street boot shop	131 15	
Sidewalks, Main, Spring and Curve sts.	181 80	
Holliston road	30 50	
Prospect street	60 75	
Orchard street	250 60	
Exchange street	163 85	
Village street	155 15	
Rockville district	341 24	
Repairing fence	9 17	
Lumber for bridges	129 12	
Tarvia and crushed stone	64 41	
Repairing roads	388 89
